

Parks & Recreation Commission Agenda

Tuesday, June 2, 2026

6:30 PM

City Council Chambers

Commission Members: Karen Beckman (Chair), Jamie Penny (Vice-Chair), Audrey Arneson (Youth), Luci Botzek, Nick Boulton, Bryan Donaldson, Jayne Harris, Chris Her, Mia Huntley (Youth), Chad Kooistra, Lindsay Matts-Benson.

In accordance with [Minnesota Statutes §13D.02](#) and City policy, Council and Commission members may attend meetings remotely up to three times per calendar year.

(Times listed are approximate – please note that items may be earlier or later than listed on the agenda)

1. **Roll Call**
2. **Approve Agenda**
3. **Receive Public Comment**
4. **Approval of Meeting Minutes**
 - a. Approval of the May 5, 2026 Meeting Minutes
5. **Other Business**
 - a. Departmental Updates
 - i. 2026 Discover Your Parks Sign Up
 - b. Other New or Relevant Communication Items
6. **Business Items**
 - a. Park Tours Schedule
 - i. Acorn Park (286 Co. Rd. C W.) - 6:45pm (approximate time)
 - ii. Central Park off of Victoria - Lake Side (2495 Victoria St N.) - 7:05pm (approximate time)
 - iii. Central Park Lexington (2540 Lexington Ave N.) - 7:20pm (approximate time)
 - iv. Veterans Park (1135 Woodhill Drive) - 7:45pm (approximate time)
7. **Adjourn**

Roseville Parks & Recreation Commission Agenda Item

DATE: June 2, 2026

ITEM: 4.a.

ITEM DESCRIPTION: Approval of the May 5, 2026 Meeting Minutes

Background

Enclosed is a draft of the minutes of May 5, 2026. Please be prepared to approve or amend.

Recommendation

Approve/amend meeting minutes of May 5, 2026.

Attachments

1. 5. Minutes - May 5, 2026

41 **5. BUSINESS ITEMS**

42 a) **RECEIVE AND CONSIDER A RECOMMENDATION OF APPROVAL OF BIKE PLAN**

43 The Commission welcomed Assistant Public Works Director Jennifer Lowry. Lowry provided an
44 update on minor revisions made to the Bike Plan, including updates based on public comments
45 and additional appendices related to the Hamline Avenue demonstration project.

46
47 Lowry noted that the Public Works, Environment & Transportation Commission (PWETC)
48 reviewed the updated Bike Plan and recommended forwarding the plan to the City Council for
49 consideration.

50
51 Staff also reviewed next steps for implementation of the plan, including conducting additional
52 community engagement, identifying a network of traffic-calmed local streets, identifying priority
53 intersections and barrier crossings for improvement, and finalizing project prioritization.

54
55 Commissioner Boulton commented that he appreciated the effort to develop the Bike Plan and
56 the engagement that took place with the Roseville biking community.

57
58 Commissioner Botzek moved to recommend that the City Council adopt the presented
59 Bike Plan. Commissioner Boulton seconded the motion.

60
61 **Roll Call**

62 **Ayes:** Arneson, Beckman, Botzek, Boulton, Her, Matts-Benson, Penny.

63 **Nays:** None.

64 **Abstain:** None.

65
66
67 b) **ROSEVILLE PARK BUILDINGS AND RENTAL FACILITIES**

68 Recreation Supervisor James Franken introduced himself to the Commission and provided the
69 following presentation on Roseville Park Buildings and rental facilities.

70
71 Staff reviewed the various park buildings within the system, including Autumn Grove,
72 Lexington, Rosebrook, Oasis, Sandcastle, and Villa Park buildings, noting differences in size and
73 rental capacity. Staff noted that many of the current facilities replaced aging buildings between
74 2014 and 2015 and continue to be heavily used by a wide variety of community groups and
75 users.

76
77 Usage statistics were reviewed, including 1,148 reservations in 2025 and 528 rentals already
78 completed in 2026. Staff noted that rentals include churches, birthday parties, graduations, baby
79 showers, meetings, family gatherings, bridal showers, and community groups. In addition, there
80 have been 48 internal uses of the facilities so far in 2026.

81 Staff reviewed typical weekly usage patterns, noting that weekday daytime use is largely
82 meeting-based with fewer evening rentals, while weekends remain the busiest rental periods.

83
84 Staff highlighted successes within the rental program, including providing gathering spaces for
85 the community, offering larger gathering opportunities than many residents can accommodate at
86 home, and supporting approved community-good organizations through no-fee use opportunities.

87
88 Staff discussed operational efficiencies implemented through the Lead Facility Supervisor
89 model, which allows staff to oversee multiple rentals, improve efficiency of staffing resources,
90 and expand operational capacity without significantly increasing costs.

91
92 Future operational goals include expanded online booking capabilities, additional use of lead
93 facility staff, improved customer experience, potential movement toward rental blocks, and
94 increased staffing flexibility through cross training.

95
96 Staff also discussed ongoing challenges related to maintaining aging facilities, including
97 replacement of paint, carpeting, audio/visual equipment, and window blinds, while maintaining a
98 high-quality rental experience throughout the Twin Cities metro area.

99
100 Staff reviewed opportunities related to park building rentals, including maintaining surrounding
101 park amenities such as playgrounds, trails, and courts, as well as improving renter accessibility.

102
103 Picnic shelter usage was also reviewed. Staff noted that shelters including Jaycees, Foundation,
104 Lions, and FOR Parks shelters had 345 rentals in 2025 and continue to attract active groups and
105 events including walk/run events.

106
107 Staff highlighted that online picnic shelter reservations have been successful, with 197 total
108 bookings so far in 2026, including 115 online bookings. Staff noted that the shelter reservation
109 system has become a model for transitioning additional park building rentals online.

110
111 Future goals for picnic shelters include exploring un-staged or automated access options such as
112 auto-unlock systems or door codes and continuing to maintain high-quality surrounding park
113 amenities.

114
115 Staff also reviewed future needs for picnic shelters, noting that many shelter facilities are now
116 30–40 years old and reaching a point where roofing, painting, and concrete repairs will need to
117 be planned for and completed in the coming years.

118
119 Additional rental opportunities at the Harriet Alexander Nature Center and Muriel Sahlin
120 Arboretum were reviewed. Staff noted that the Nature Center offers rental opportunities similar

121 to park buildings but requires additional staff oversight. The Muriel Sahlin Arboretum continues
122 to host wedding ceremonies and can accommodate up to 300 guests as an affordable rental
123 option.
124

125 Staff also reviewed community gym operations at Brimhall and Central Park, which support
126 pickleball, volleyball, basketball, rental groups, youth programs, and adult leagues. Staff noted
127 that updated staffing processes are being implemented alongside the new recreation software.
128 Usage statistics for community gyms were reviewed, including:

- 129 • 2,497 Adult Open Volleyball participants
 - 130 • 1,846 Adult Open Pickleball participants
 - 131 • 301 Family Open Basketball participants
- 132

133 Staff reviewed neighborhood ice rink operations, including staffed locations at Autumn Grove,
134 Lexington, Sandcastle, Villa, and Acorn Parks. Staff noted that usage at neighborhood ice rinks
135 has decreased and that alternative staffing models are being explored.
136

137 Vice-Chair Penny asked about the park building at Acorn Park. Staff relayed that the building is
138 primarily used for storage and as a warming house for the ice rink.
139

140 The Commission discussed repairs recently completed at Oasis Park and potential modernization
141 opportunities for the park buildings as they are now approximately 10 years old. Staff noted that
142 it was originally anticipated that park building rentals would generate approximately \$40,000
143 annually; however, current revenue is approximately four times that amount, demonstrating
144 strong community use and neighborhood engagement.
145

146 Commissioner Matts-Benson asked how far in advance park buildings can be reserved. Staff
147 responded that reservations can currently be made up to seven months in advance and are booked
148 in five-hour blocks. Staff also noted that standardizing rental timeframes may be considered in
149 the future to improve staff planning and operational continuity.
150

151 **c) OVERVIEW OF MOUNTAIN BIKE AND BIKE PARK FEASIBILITY AND COSTS**
152 **(COMMISSIONER INITIATED)**

153 Assistant Parks and Recreation Director Carrie Anderson joined the Commission to present
154 information regarding potential bike-related amenities and preliminary feasibility considerations.
155

156 Staff reviewed several types of bike amenities, including mountain bike trails, pump tracks, and
157 bike skills parks. Definitions, examples of similar facilities throughout the Twin Cities metro
158 area, and typical design elements were discussed.
159

160 Staff noted that mountain bike trails are typically narrow dirt trails designed for varying rider
161 skill levels and can include natural terrain features, technical sections, berms, and jumps.
162 Potential examples discussed included Theodore Wirth Park, Lebanon Hills, Elm Creek, and
163 Carver Lake Park.

164
165 Staff also reviewed pump tracks, which are looping tracks made of dirt, asphalt, or concrete with
166 rollers and banked turns designed to be ridden without pedaling. Bike skills parks were also
167 discussed, which can include pump tracks, wooden bridges, rock gardens, berms, and smaller
168 riding features intended for riders of all ages and skill levels.

169
170 Preliminary findings for a potential pump track or skills park identified the south parcel at
171 Autumn Grove Park as a possible location. Staff noted that concepts could include a pump track,
172 tot track, and additional skills park elements. Very preliminary cost estimates for an asphalt
173 pump track with additional elements were estimated at approximately \$250,000 to \$300,000.

174
175 Staff also reviewed preliminary findings related to mountain biking opportunities at Reservoir
176 Woods. Staff noted that a general design guideline is approximately 15 acres per mile of trail,
177 with the site potentially accommodating 6–8 miles of trail. Preliminary cost estimates for trail
178 development were estimated at approximately \$300,000.

179
180 Considerations related to both mountain biking and pump track facilities were reviewed,
181 including infrastructure needs, environmental impacts, dual trail usage, maintenance, staffing,
182 visibility, and potential impacts on existing park uses.

183
184 Potential partnerships discussed included Minnesota Off-Road Cyclists (MORC), the Roseville
185 Area High School Mountain Bike Team, National Interscholastic Cycling Association (NICA),
186 local bike shops, bike advocates, volunteers, and possible grant opportunities.

187
188 Staff outlined potential next steps for the exploration process, including conducting community
189 engagement, incorporating considerations into the updated Roseville Parks and Recreation
190 System Master Plan, and assessing overall community interest to help determine whether future
191 funding opportunities should be pursued.

192
193 The Commission discussed the value of providing additional opportunities for unstructured
194 recreation within the community. Commissioners noted that combining mountain biking
195 opportunities with the City’s Bike Plan could help reduce parking demands at Reservoir Woods,
196 where parking availability is limited.

197
198 The Commission also discussed existing erosion concerns within Reservoir Woods and how
199 mountain bike trail development could impact the area. Staff noted that the current informal and

200 unstructured trail usage may be more detrimental to the environment than designated trails. Staff
201 explained that professionally designed trails would aim to minimize erosion impacts and could
202 also benefit from volunteer maintenance support.
203

204 The Commission further discussed whether mountain bike trails and pump tracks attract similar
205 or different user groups and the potential value of offering both amenities within the park system.
206

207 Vice-Chair Penny noted support for exploring a bike skills trail option on the south parcel of
208 Autumn Grove Park, stating that it would provide a great opportunity for families to bike
209 together.
210

211 **Public Comment – J. Arneson, 875 Transit:**

212 J. Arneson shared that they have been mountain biking for approximately 26 years and noted that
213 there are currently no nearby formal mountain biking trails outside of the unofficial “renegade
214 trails” located in Reservoir Woods. Support was expressed for developing official trails within
215 Reservoir Woods, with the belief that the site would be well suited for approximately six miles
216 of trail. J. Arneson noted experience utilizing trails throughout the metro area and expressed
217 interest in having a closer option available in Roseville.
218

219 J. Arneson also stated a preference for a bike skills park over a pump track and noted
220 involvement with Minnesota Off-Road Cyclists (MORC), highlighting the organization’s strong
221 volunteer support and enthusiasm surrounding the sport.
222

223 Chair Beckman asked about the potential cost of a bike skills park. Staff responded that costs
224 could vary significantly depending on the amenities included, though a preliminary estimate
225 received was approximately \$200,000.
226

227 Commissioner Boulton shared that, based on feedback he heard at the Autumn Grove Park
228 playground planning meetings, that he believes a more natural bike skills feature that blends into
229 the landscape would be preferable. Commissioner Boulton also asked about potential funding
230 mechanisms and what would be required to move the project forward.
231

232 Staff responded that the project could potentially be incorporated into the updated Parks and
233 Recreation System Master Plan or elevated as a priority project outside of the Master Plan
234 process. Staff noted that funding could potentially come from reallocated capital improvement
235 funding, grants, friends groups, or other partnership opportunities. The Commission discussed
236 the possibility of including the project within the updated Master Plan as a prioritized initiative.
237

238 Commissioner Botzek emphasized the importance of considering long-term maintenance costs at
239 the outset of any potential project.

240 The Commission discussed the importance of gathering additional community input and
241 feedback to better understand public interest in mountain bike trails and determine how such
242 amenities may be prioritized within the updated Master Plan. Commissioners expressed interest
243 in continuing to learn more about the feasibility of the project and how both short- and long-term
244 planning efforts could support future implementation.

245
246 **d) MAINTENANCE AND OPERATIONS CENTER UPDATE (STANDING AGENDA**
247 **ITEM)**

248 Staff relayed that schematic design renderings for the License and Passport Center/Dance Studio
249 are anticipated to be presented to the City Council in June.

250
251 Staff provided an overview of the preliminary dance studio layout, as well as a preliminary
252 concept for Veteran’s Park that includes a fastpitch field, playground, full-court basketball court,
253 and recognition of veterans within the park design.

254
255 Commissioner Boulton asked whether space for a dog park had been considered, noting the high-
256 density housing adjacent to the park. Staff responded that dog parks require significant
257 maintenance, can present liability concerns, and are often unpopular with neighboring residents.
258 Commissioner Matts-Benson added that the concept was discussed during Maintenance and
259 Operations Center brainstorming meetings but was not prioritized as a park amenity.

260
261 **e) CONTINUE REVIEW AND UPDATE OF PARKS AND RECREATION COMMISSION**
262 **GOALS**

263 Chair Beckman acknowledged the requested goal updates submitted by Commissioners
264 Donaldson and Harris, who were not present at the meeting.

265
266 Commissioner Matts-Benson seconded proposed Goal #1 submitted by Commissioner
267 Donaldson but requested changing the wording from “field infrastructure” to “space
268 infrastructure” to broaden the intent of the goal.

269
270 The Commission agreed to have the goals subcommittee incorporate the proposed goals from
271 Commissioners Donaldson, Harris, and updated language from Commissioner Matts-Benson,
272 along with updates to the layout and organization of the goals document, for further review at the
273 August Parks and Recreation Commission meeting.

274
275 Commissioner Her noted interest in potentially taking a deeper dive into pathway-related topics.
276 Staff clarified that the Pathway Master Plan falls under the purview of the Public Works,
277 Environment & Transportation Commission (PWETC), though the Parks and Recreation
278 Commission may still provide input and recommendations.

280 Chair Beckman noted that any additional proposed goals may be submitted by the end of May
281 for consideration by the subcommittee in the updated draft document.

282
283 **6. COMMISSION DIRECTION ON MEMBER INITIATED AGENDA ITEMS**

284 a) **LIST OF MEMBER-INITIATED ITEMS**

285 The Commission did not have any member-initiated agenda items.
286

287 **7. OTHER BUSINESS**

288 a) **DEPARTMENTAL UPDATES**

289 Staff provided the following departmental updates:

- 290 • The Roseville Skate School Ice Show took place April 16–18, 2026, with more than 300
- 291 skaters participating and over 3,000 tickets sold.
- 292 • Earth Day at the Harriet Alexander Nature Center was held on April 25.
- 293 • In coordination with Roseville Public Works, the Citywide Cleanup Day was held on April
- 294 25 at Central Park – Dale Street.
- 295 • Kite Day in the Park was held on April 25 at Rosebrook Park, with 180 free kites distributed
- 296 to participants.
- 297 • The Roseville School of Dance recital was held at Roseville Area High School on May 2 and
- 298 May 3.
- 299 • The “Roseville Open” Figure Skating Competition, one of the largest competitions in
- 300 Minnesota, is scheduled to take place at the Roseville Skating Center on May 14–16.
- 301 • The Citywide Garage Sale event will take place May 28–30.
- 302 • The annual volunteer planting of the iconic Lexington Boulevard flower beds at Central Park
- 303 is scheduled for Saturday, May 30 at 9:00 a.m.
- 304 • The next Autumn Grove Park community engagement meeting regarding the new
- 305 playground and overall park concept planning will be held on May 13.
- 306 • Community engagement meetings were recently held for Sandcastle Park and Applewood
- 307 Park, with neighborhood participants selecting final playground designs anticipated to be
- 308 installed in summer 2026.
- 309 • Construction at Rosebrook Park is anticipated to begin within the next two weeks.

310
311 **i. 2026 DISCOVER YOUR PARKS SIGN UP**

312 Chair Beckman noted that sign-ups for Commissioner participation at the 2026 Discover
313 Your Parks events was now available.
314

315 **b) OTHER NEW OR RELEVANT COMMUNICATION ITEMS**

316 **i. NEXT MEETING – JUNE 2, 2026 – PARK TOURS**

317 Staff noted that the preliminary list of parks for the Commission’s June park tours
318 includes Acorn Park, Veteran’s Park, and potentially Central Park. Staff also noted that

319 they are open to additional feedback if Commissioners would like other parks included in
320 the tour route.

321 Vice-Chair Penny noted that while it may not be relevant this year, the proposed nature
322 playground site at the Harriet Alexander Nature Center may be a worthwhile location to
323 visit during future park tours. Staff responded that they would not rule out visiting the
324 site, as the project is moving forward with a preferred consultant anticipated to be
325 brought before the City Council in May. Staff noted that once authorization is received,
326 the project will officially move into the planning phase.

327 The Commission also discussed general logistics for the upcoming park tours.

328 Staff and the Commission thanked Commissioner Arneson for the time, effort, and contributions
329 provided during her service on the Parks and Recreation Commission, noting that this would be
330 Commissioner Arneson's final meeting serving as a Parks and Recreation Youth Commissioner.
331

332 **8. ADJOURN**

333

334 Meeting adjourned at approximately 8:30 p.m.

335

336 Respectfully Submitted,

337 Danielle Christensen, Parks and Recreation Department Assistant

Roseville Parks & Recreation Commission Agenda Item

DATE: June 2, 2026

ITEM: 5.a.

ITEM DESCRIPTION: Departmental Updates

Background

At each Commission meeting, city staff provides updates on Parks and Recreation activities and projects.

Recommendation

Receive report and provide feedback.

Parks and Rec Commission Member,

i have an idea which you may or may not want to consider having a discussion about.

luckily, my youth occurred during the 1960's, where we played with neighborhood kids - our parents didn't know what we were up to, and only demanded we show up for lunch, dinner, and come home when our mother called (one time in 3rd grade, i didn't come home right away when she called, and i never made that mistake again!). otherwise, how we spent out time was up to us, and we found a large variety of things to do.

one thing we did a lot was to grab our glove, bat, and hopefully find a baseball which still had a cover over it, and head to a local

baseball field. nothing was organized, we kids ran everything. if enough kids showed up, we played a game and upheld the rules ourselves. if not enough kids came, we hit flyballs, had batting practice, or had a homerun hitting contest, sending balls on top of old mc carron's lake school, if we had enough balls that we could afford to lose a few.

i think it would be good if kids today could, on their own, play sports, without being heavily organized, as they currently are. the city could advertise that on a certain day, at a given time, kids could come to a field and play on their own. this could be for baseball, softball, soccer, volleyball, or any sport. the city just would set a place, date, and time, and if anyone showed up, then they do whatever they want. it would be similar to open basketball and open volleyball, which the city currently offers. no city employees would need to be involved, so all that it would cost is to add the schedule to a brochure and/or onto the city website.

anyway, maybe i'm the only person who thinks it would be good for kids to do something on their own, rather than adults running things, so you need to decide if it would be something worth discussing or not.

i'm just throwing the idea to you.

have a great day!

roger

Harriet Alexander Nature Center

JUNIOR CAMPS

All the fun of nature camp in a condensed version designed specifically for young campers.

Ages 4-6 | Mon-Wed | 9-11:30AM

NATURE PLAY

Jun 15-17 | \$91, RV Res \$83

Mix up a mud pie, dig in the sand, build a shelter, and let your imagination run wild! With a mix of free play and thoughtful staff guidance, we'll explore and play with the wonders of nature.

Details and registration

PRESCHOOL CHEFS

Jun 29-Jul 1 | \$101, RV Res \$93

Explore cooking skills like measuring, mixing, following a recipe, and tasting new foods! We will have fun with food, learn about good nutrition, and discover the "nature" in our food.

Details and registration

MYSTICAL CREATURES

Jul 6-8 | \$91, RV Res \$83

What if the nature center was home to dragons and unicorns? Play make-believe as we explore a magical mystical wonderland. We'll search for creature signs, build tiny habitats, and use our senses to connect with the natural world.

Details and registration

Harriet Alexander Nature Center

BRANCHING OUT CAMPS

Everything you love about HANC nature camps, now at another location!

Ages 6-12 | Mon-Thurs | 1-4 PM | Villa Park

FROM TRASH TO TREASURE

Jun 29-Jul 2 | \$166, RV Res \$156

Are you ready to weave with old T-shirts, make your own paper, or sculpt a bottle cap mosaic? Experiment with color, texture, and construction as we transform everyday recycled objects into art.

Details and registration

CREATE A CREATURE!

Jul 27-30 | \$166, RV Res \$156

Spend the week creating your very own fantasy creatures, invent their backstories, and design trading cards to share with friends. We'll get inspiration by learning about fascinating animal body parts, observing local wildlife, and examining artifacts like skeletons and furs.

Details and registration

ADVENTURE SCOUTS

Aug 3-6 | \$166, RV Res \$156

Campers will hike nearby trails, discover hidden natural spaces, and learn how to be confident, curious explorers. Along the way, we'll listen for bird calls, check for animal signs, practice our observation skills, and play nature games.

Details and registration

ART IN NATURE

Aug 10-13 | \$166, RV Res \$156

Explore the nature around the park and then make art! We'll try out a variety of different techniques, experiment with natural mediums like leaves and sticks, and learn about different artists who have been inspired by nature.

WHAT IS REVSPORTS

Revsport classes focus on skill development in a fun, non-competitive environment. With sessions meeting weekly, our age-appropriate approach combines instruction, games, and scrimmages to nurture players' abilities over time. Led by coaches who prioritize natural progression, each class builds on previous learning for continuous improvement.

ITEM: 6.a.

ITEM DESCRIPTION: Park Tours Schedule

Background

The June Parks and Recreation Commission Meeting will be our annual park tours. This tour is an opportunity for the Commission to see parks, discuss upcoming capital projects, and provide feedback to staff.

Commissioners may either ride in City-provided vans, or may take their own vehicles.

The tentative schedule is below. All times are approximate and subject to change.

- Acorn Park (286 Co. Rd. C W.) - 6:45pm
- Central Park off of Victoria - Lake Side (2495 Victoria St N.) - 7:05pm
- Central Park Lexington (2540 Lexington Ave N.) - 7:20pm
- Veterans Park (1135 Woodhill Drive) - 7:45pm

Recommendation

Attend tour and provide feedback to staff.
